## Introduction

This manual provides procedures and instructions for using the Electronic Case Files (ECF) system to file documents with the court or to view and retrieve docket sheets and documents for civil, criminal and miscellaneous cases in the system. A Filing User should have a working knowledge of an ECF-compatible web browser and Adobe Acrobat or equivalent software for creating and reading Portable Document files (PDF).

The following definitions are used throughout this User Manual:

- A. “Electronic Filing System” refers to the court’s automated system that receives and stores documents filed in electronic form. The program is part of the CM/ECF (Case Management/Electronic Case Files) software which was developed for the Federal Judiciary by the Administrative Office of the United States Courts.
- B. “Filing User” is an attorney who has a court-issued login and password to file documents electronically.
- C. “Notice of Electronic Filing” is a notice automatically generated by the Electronic Filing System at the time a document is filed with the system, setting forth the time of filing, the name of the party and attorney filing the document, the type of document, the text of the docket entry, the name of the party and/or attorney receiving the notice, and an electronic link (hyperlink) to the filed document which allows recipients to retrieve the document automatically.
- D. “Pacer” (Public Access to Court Electronic Records) is an automated system that allows an individual to view, print and download court docket information over the internet.
- E. “PDF” refers to Portable Document Format. A document file created with a word processor, or a paper document which has been scanned, must be converted to portable document format to be filed electronically with the court. Converted files contain the extension “.pdf”.
- F. “Proposed Order” is a draft document submitted by an attorney for a judge’s signature. A proposed order shall accompany a motion or other request for relief as an electronic attachment to the document.
- G. “Document” shall include pleadings, motions, briefs, memoranda, exhibits, certifications, declarations, affidavits, papers, orders, notices, and any other filing by or to the court.
- H. “Technical Failure” is defined as a malfunction of court owned/leased hardware, software, and/or telecommunications facility which results in the inability of a Filing User to submit a filing electronically. Technical failure does not include the malfunctioning of a Filing User’s equipment.
- I. “Paper Filing” is submitting a document in hard copy on paper.

- J. “Pay.gov.” is an electronic credit card payment system established by the United States Department of Treasury.

## **ECF System Capabilities**

A Filing User with a PACER account, an ECF-compatible web browser, Adobe Acrobat or equivalent software, and access to the Internet can use the court’s ECF system to perform the following functions:

- Electronically file pleadings and documents in actual cases, 24 hours a day.
- View official docket sheets and other documents associated with cases.

Anyone can access the Court’s web page at [www.njd.uscourts.gov](http://www.njd.uscourts.gov) and perform the following functions:

- View, print or download the most recent version of the ECF User Manual.
- Self-train on ECF using the ECF Tutorial, which is available on the district court’s ECF web site.
- Practice entering documents into ECF using a “training” system and database. The “training” ECF system is similar to the “live” ECF database.

## **Requirements**

### **Hardware and Software Requirements**

The hardware and software needed to electronically file, view, and retrieve case documents are the following:

- A personal computer running a standard operating system such as Microsoft Windows or Macintosh.
- A word processing software package such as Word Perfect or Microsoft Word.

- Adobe Acrobat software to convert documents from the format of their native application to portable document format (PDF) may be needed if your word processing software does not have built-in conversion capabilities.
- A scanner to convert paper documents that are not in a word processing format to PDF format for electronic filing in the court's ECF system. Use a scanner ONLY if you cannot electronically prepare your documents with a word processing software package and convert them to PDF format. When scanning documents for ECF, scan with a "black and white" setting, and at a resolution of 200 dpi. Scanning at resolutions greater than 200 dpi tends to clutter the electronic transfer with unwanted markings and print. All documents should be scanned with a "black and white" setting.
- An Internet service provider and web browser. The court has verified that its installed version of ECF is compatible with Netscape Navigator version 4.7x & 7.0x or Internet Explorer 5.5x & 6.0x.

## **Scope of Electronic Filing**

All civil, criminal and miscellaneous cases filed in this court on or after January 5, 2004, will be entered into the court's Electronic Case Filing ("ECF") System in accordance with the Electronic Case Filing Policies and Procedures. Filing electronically became mandatory on January 31, 2005. Counsel of record in cases pending in this court must register as a Filing User. An attorney who is not a Filing User must show good cause before the presiding judge why he/she should be permitted to file and serve pleadings and other papers in the traditional manner. Except as expressly provided in the Electronic Case Filing Policies and Procedures, and in exceptional circumstances, all documents shall be filed electronically.

The filing of initial papers in civil cases, such as a complaint, notice of removal, petition for arbitration award, writ of habeas corpus or notice of appeal, can be filed electronically by making payment through Pay.gov. Cases subject to sealing or restricted access (e.g. social security, qui tam) and applications for an order to show cause should not be filed electronically. Counsel should refer to Local Rule 65.1(b) when filing an Application for an Order to Show Cause. If not filed electronically, the filing of initial papers in civil cases shall be accomplished by Paper Filing accompanied with a disk or CD ROM containing the signed document in PDF format. In a case removed to the federal court, parties are requested to provide electronic copies of all documents previously filed in the state court. Procedures for filing an initiating document are outlined in the section entitled "How to File Initial Pleadings/Documents."

Service of summons and complaint must be made under Federal Rule of Civil Procedure 4 and applicable Local Rules governing service.

A party who is not represented by counsel must file documents with the Clerk as a paper filing.

## **Exceptions to Electronic Filing**

## **Sealed Documents**

A case or document under seal shall not be available to the public through electronic or any other means.

(a) Sealing of Documents and Confidential Materials Under Local Civil Rule 5.3. The Court no longer accepts documents in civil cases as a paper filing under seal. Any such documents must be submitted electronically and must be submitted in compliance with Local Civil Rule 5.3.

In ECF, if the PDF file of a document is to be placed under seal, the Filing User must mark the CHECK BOX when prompted indicating that the document submitted with the entry is to be sealed pursuant to Local Civil Rule 5.3. Failure to do so will result in the document becoming publicly available.

Unless otherwise provided by federal law, nothing may be filed under seal unless an existing order so provides or Local Civil Rule 5.3(c)(3) is complied with. FAILURE TO COMPLY WITH LOCAL CIVIL RULE 5.3 MAY RESULT IN A WAIVER OF ANY OTHERWISE VALID BASIS FOR SEALING AND MAY RESULT IN THE DOCUMENT IN ISSUE BECOMING PUBLICLY AVAILABLE. Any properly sealed document will, absent further order, be available to all other counsel of record in the particular civil action.

(b) Sealing of Criminal Documents. A document subject to a sealing order or order of confidentiality must be submitted as a paper filing, in an envelope clearly marked “sealed”, and shall be accompanied by a disk or CD-ROM containing the document in PDF format for filing by the Clerk’s Office. A motion to file a document under seal may be filed electronically, unless prohibited by law. The order of the court authorizing the filing of documents under seal may be filed electronically, unless prohibited by law. A paper copy of the sealing order must be attached to the documents under seal and be delivered to the clerk.

## **Social Security Cases**

Retrieval of documents in social security cases is limited and may only be accessed by counsel of record. The attorney must first log into CM/ECF, then PACER if not viewing the document through the Notice of Electronic Filing.

## **Disk or CD ROM**

All documents submitted as a paper filing, including initial papers, must be accompanied by a disk or CD Rom containing the signed document in PDF form.

## **Courtesy Copies**

In addition to the electronic filing of all motion papers, including briefs, in support of or in opposition to a motion, the filer must submit forthwith to the Judge’s or Magistrate Judge’s

Chambers one courtesy copy of a filed paper or brief in paper form without disk or CD-Rom, unless otherwise directed by the judicial officer. These documents shall be clearly marked as courtesy copies and mailed or delivered directly to Chambers. Additional guidance can be found on the Court's web site. When the court's web page opens, go to the **CM/ECF** hyperlink and click on **Judicial Preferences**.

## **Eligibility, Registration and Passwords**

An attorney admitted to the Bar of this court, including attorneys authorized to represent the United States, may register as a Filing User by completing the prescribed registration form and submitting it to the Clerk of Court. Exceptions to this requirement are out-of-state attorneys that: (1) represent a party in an action transferred to New Jersey pursuant to an Order issued by the Judicial Panel on Multidistrict Litigation<sup>1</sup>; or (2) attorneys who are retained to represent defendants in criminal cases. The form is also available on the court's web site at [www.njd.uscourts.gov](http://www.njd.uscourts.gov). Registration as a Filing User constitutes consent to electronic service of all documents in accordance with the Federal Rules of Civil Procedure and the Federal Rules of Criminal Procedure.

When registering as an ECF Filing User, an attorney is certifying that he/she has completed the ECF tutorial on the Court's web site or some other form of training provided by the Court. It is recommended that a PACER (Public Access to Court Records) account be established, which can be accomplished by visiting the PACER website at <http://pacer.psc.uscourts.gov>. After verification, the Filing User will receive an electronic notification of the user login and password. It is important to remember that all ECF login names and passwords are case sensitive. A Filing User shall protect the security of the User's password and immediately notify the court's Help Desk if the Filing User suspects that the password has been compromised.

A Filing User should promptly modify his/her address and Email information by accessing the ECF System if there is a change in personal data, such as name, email address, telephone number, etc., as required under Local Civil Rule 10.1. See Modify Address and Email Information in ECF on page 47 of the User Manual.

Other individuals who receive Notice of Electronic Filing, such as pro hac vice counsel, shall promptly submit modifications of his/her contact information by notifying the Court by e-mail to [ecfchange@njd.uscourts.gov](mailto:ecfchange@njd.uscourts.gov).

The E-Filing Registration Form includes a field for the user's email address. This email address is essential in order to receive Notices of Electronic Filing. It can be the user's business or personal email address. The registration form also includes a space for a secondary email address.

---

<sup>1</sup>Pursuant to the General Rules of the Judicial Panel on Multidistrict Litigation, any attorney of record in an action transferred under Section 1407 may continue to represent his or her client in any district court of the United States to which such an action is transferred; therefore, parties are not required to obtain local counsel in the district to which such action is transferred.

This can be an email address for another person designated to receive these Notices. Changes in the email address for receiving Notices of Electronic Filing, should be made electronically in the Filing User's email account. See Modify Address and Email Information on page 46 of the User Manual. An applicant can register on-line or can return the completed and signed registration form to the Clerk's Office, United States District Court for the District of New Jersey, ATTN: ECF Registration, 402 East State Street, Room 2020, Trenton, NJ 08608.

**Pro Se Parties - A party who is not represented by counsel must file documents with the Clerk as a paper filing.**

### **PACER Registration**

It is recommended that ECF Filing Users have a PACER (Public Access to Electronic Records) account. PACER is a fee-for-use service offered by the Administrative Office of the United States Courts. If you do not have a PACER login, contact the PACER Service Center to establish an account. You may call the PACER Service Center at (800) 676-6856 or (210) 301-6440 for information or to register for an account. Also, you may register for PACER online at <http://pacer.psc.uscourts.gov>.

### **ECF Training**

Before becoming a Registered User, individuals must certify they have completed some form of ECF Training. The District of New Jersey offers the following ECF training:

- (1) Training classes are held at the courthouses in Camden, Trenton and Newark. The training is conducted by the Clerk's Office and you may obtain the training schedule by visiting the court's web site at [www.njd.uscourts.gov](http://www.njd.uscourts.gov), or by calling the Clerk's Office and requesting a copy;
- (2) ECF Tutorial - Computer-based training available online at the court's web site at [www.njd.uscourts.gov](http://www.njd.uscourts.gov).
- (3) On-site training may be conducted at an eligible law firm and can be arranged through the Clerk's Office. To register for class training or arrange on-site training, please contact the Court's Training Specialist at (609) 989-2162.
- (4) We strongly recommend that Filing Users practice in the "training" ECF database before filing documents in the "live" ECF data base. Instructions for access to the training data base, and training user names and logins are posted on the court's website.

### **Consequences of Electronic Filing**

Electronic transmission of a document to the Electronic Filing System in accordance with the Electronic Case Filing Policies and Procedures, together with the transmission of a Notice of Electronic Filing from the court, constitutes filing of the document for all purposes of the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure and the Local Rules of this court, and constitutes entry of the document on the docket kept by the clerk under Fed.R.Civ.P. 58

and 79 and Fed.R.Crim.P. 49 and 55.

Before filing a scanned document with the court, a Filing User must verify its legibility.

When a document has been filed electronically, the official record of that document is the electronic recording as stored by the court. A document filed electronically is deemed filed on the date and time stated on the Notice of Electronic Filing from the court.

Filing a document electronically does not alter the filing deadline for that document. Electronic filing must be completed before midnight Eastern time in order to be considered timely filed that day. In accordance with Rule 6(e) of the Federal Rules of Civil Procedure and Rule 45(c) of the Federal Rules of Criminal Procedure, service by electronic means is treated the same as service by mail for the purposes of adding three (3) days to the prescribed period to respond.

### **Entry of Court Orders and Related Papers**

All orders, decrees, judgments, and proceedings of the court entered or issued by the court will be filed in accordance with the Electronic Filing Policies and Procedures, and such filing shall constitute entry on the docket kept by the clerk under Fed.R.Civ.P. 58 and 79 and Fed.R.Crim.P. 55.

All orders will be filed electronically by the court or court personnel. An order filed electronically, signed with an s/, shall have the same force and effect as if the judge had affixed a wet signature.

The assigned judge or the Clerk's Office, if appropriate, may grant routine orders by a text-only docket entry for which a Notice of Electronic Filing will be generated. In such cases, no PDF document will be issued, and the text-only entry shall constitute the Court's only order on the matter.

A Filing User submitting a proposed order to a motion should submit the document as an electronic attachment to the motion. Any other type of proposed order or proposed document must be submitted directly to chambers. Filing Users should contact chambers to determine how the proposed document should be submitted (i.e., via email or as a paper filing).

### **Notice of Court Orders and Judgments**

Immediately upon the entry of an order or judgment in an action, the clerk will transmit to Filing Users in the case, in electronic form, a Notice of Electronic Filing. Electronic transmission of the Notice of Electronic Filing constitutes the notice required by Fed.R.Civ.P. 77(d) and Fed.R.Crim.P. 49(c).

## **Signatures**

### **Attorney Signatures**

The user login and password required to submit documents to the Electronic Filing System serve as the Filing User's signature on all electronic documents filed with the court. They serve as the signature for purposes of Fed.R.Civ.P.11, all other Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure, the Local Rules of this court, and any other purpose for which a signature is required in connection with proceedings before the court.

An electronically filed document, or a document submitted on disk or CD-ROM, and in compliance with Local Civil Rules 10.1 and 11.1, must include a signature line with "s/", as shown below:

s/ Jennifer Doe

No Filing User or other person may knowingly permit or cause to permit a Filing User's password to be used by anyone other than an authorized agent of the Filing User.

### **Multiple Signatures**

Where a document requires the signatures of more than one party (e.g., stipulations, consent orders) the "s/" block can be substituted for the signatures of ECF Filing Users. By submitting a document with "s/" block signatories, the filing attorney certifies that each of such signatories has expressly agreed to the form and substance of the document and has authorized the filing attorney to submit the document electronically. The filing attorney shall retain any records evidencing this agreement for future production, if necessary, until one (1) year after all periods for appeals expire. Any person who disputes the authenticity of any of the signatures on a document containing multiple signatures must file an objection to the document within ten(10) business days of the date of the Notice of Electronic Filing.

### **Non-Attorney Signatures**

A document requiring the signature of a non-attorney must be filed electronically by: (1) submitting a scanned document containing all necessary signatures; or (2) in any other manner approved by the court.

## **Service of Documents by Electronic Means**

- A. **Service of process** - Nothing in this User Guide or the Electronic Filing Policies and Procedures shall affect the manner of filing and service of complaints (including third-party complaints) and the issuance and service of summonses, which in all civil actions shall continue to be filed, issued and served in paper form and in conformance with the Federal Rules of Civil Procedure and the Local Rules of this Court.

## B. **Other Types of Service**

### 1. **Filing User**

Upon the electronic filing of a pleading or other document, the court's Electronic Filing System will automatically generate and send a Notice of Electronic Filing to all Filing Users associated with that case. Transmission of the Notice of Electronic Filing constitutes service of the filed document.

The Notice of Electronic Filing includes the time of filing, the name of the party and attorney filing the document, the type of document and the text of the docket entry, with an electronic link (hyperlink) to the filed document, allowing anyone receiving the notice electronically to retrieve the documents automatically. If the Filing User becomes aware that the Notice of Electronic Filing was not transmitted successfully to a party, or that the notice is deficient, e.g., the electronic link to the document is defective, the filer shall serve a copy of the filed document by email, hand, facsimile, or by first-class postage prepaid mail immediately upon notification of the deficiency of the Notice of Electronic Filing.

The submission of the Filing User's Registration Form to the Court constitutes consent to service of all papers via the Court's Electronic Filing System as provided in Fed.R.Civ. P. 5(b) and 77(d), and the "Notice of Electronic Filing" that is automatically generated by the court's Electronic Filing System constitutes service of the filed document on Filing Users.

A certificate of service must be included with **all documents** filed electronically. The certification must indicate how service was accomplished i.e., electronically and/or other means as provided in Fed. R.Civ. 5(b).

### 2. **Pro Se (non-prisoner) Filer**

A pro se, non-prisoner, may elect to receive service of documents and notice of electronic filings via the Court's electronic filing system to the extent and in the manner authorized pursuant to Fed.R.Civ.P. 5(b), Fed.R.Civ.P. 77(d), Local Civil Rule 5.2, and the Court's Electronic Case filing Policies and Procedures. A Consent & Registration Form to Receive Documents Electronically can be found on the Court's web site at [www.njd.uscourts.gov](http://www.njd.uscourts.gov).

### 3. **Non ECF Filer**

A Non ECF Filer is entitled to receive a paper copy of any electronically filed document from the party making such filing. Service of such paper copy must be made according to the Federal Rules of Civil Procedure, the Federal Rules of Criminal Procedure and the Local Rules of this court. It is the responsibility of Filing Users to send paper copies of the document **and the Notice of Electronic Filing** to attorneys who are non ECF filers and pro se parties.

## C. **Time to Respond Under Electronic Service**

In accordance with Rule 6(e) of the Federal Rules of Civil Procedure and Rule 45(c) of the Federal Rules of Criminal Procedure, service by electronic means is treated the same as

service by mail for the purposes of adding three (3) days to the prescribed period to respond.

## **Retention Requirements**

A document that is electronically filed and requires an original signature other than that of the Filing User must be maintained as a paper filing by counsel and/or the firm representing the party on whose behalf the document was filed until one year after all periods for appeals expire. Such papers in criminal cases shall be retained by the United States Attorney. On request of the court, the ECF Filing User or law firm must provide the original document.

## **Preparation**

### **Setting Up Adobe Acrobat PDF Reader**

A Filing User must install Adobe's Acrobat or Acrobat Reader in order to view documents that have been electronically filed with the Clerk's Office. Depending on your word processing software's capabilities, a Filing User may need to install the full version of Adobe's Acrobat software to convert electronic files from their native word processing application format to Portable Document Format (PDF). All documents must be converted to PDF format before filing them electronically with the court. After installing these products, review and follow Adobe's directions for using Acrobat or Acrobat Reader.

### **Portable Document Format**

Only documents in PDF format may be filed with the Court using its ECF System. Before filing a document with the Court, users should preview the actual PDF document to ensure it is complete, in the proper format and contains the .pdf extension.

### **Viewing a PDF Document**

Open Adobe Acrobat or Acrobat Reader.

Select **[File]** on the menu bar and choose **[Open]** from the drop-down window.

Click on the location and file name of the PDF document you wish to view.

Acrobat loads the file and displays it on your screen. Verify this is the document you wish to send.

If the displayed document is larger than the screen or contains more than one page, use the scroll bars and buttons to move around within the document.

Click on the **View** menu to select other options for viewing the document. Choose the option that best suits your viewing needs.

### **Converting Electronic Documents to PDF Format**

You must convert all documents to PDF format before submitting them to the Court through its Electronic Case Filing (ECF) system. This conversion process requires Adobe Acrobat or word

processing software with PDF conversion capabilities. It is highly recommended that original documents be created with a **Times New Roman** font to produce the best printed results. When using Adobe to convert documents to PDF format do **NOT** turn on any security features.

**When using Adobe 6 please configure Distiller to be Adobe 5 compatible:**

Open Adobe Acrobat.

Click on **Tools** on the menu bar.

Select **Distiller** from the menu.

Click on **Settings**.

Select **Job Options** from the menu.

Change Compatibility to '**Acrobat5.0 (PDF1.4)**'

**For all versions of Microsoft Word, all Microsoft Office Products, versions of WordPerfect below Version 9:**

Install Adobe Acrobat on your computer.

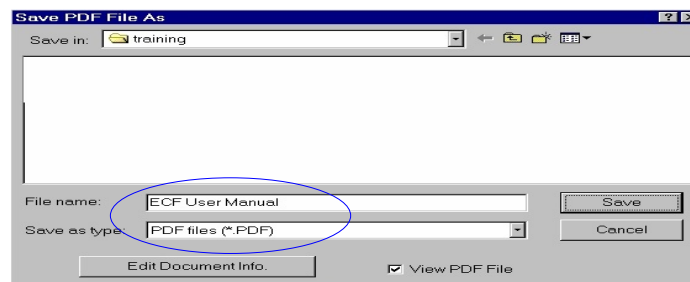

In your word processing application, open the document you wish to convert.

Select **[Print]** from the menu bar. Within the *Current Printer* field of *Printer* window, select the option to change the selected printer. A drop-down menu opens a list of choices is displayed.

Select *Adobe PDF Distiller*.

Click **[OK]** to “print” the file. Instead of the file printing to your printer, the following window opens. See Figure 1.

Figure 1

Name the document, verify the “saved file type” is .pdf , and click the **[Save]** button. Your document is now saved as a PDF file and will be uploaded to ECF later in the filing process. Alternately, you can publish documents to PDF using WordPerfect feature “Publish to PDF”.

## Basics

### User Interactions

A User will normally interact with the Electronic Case Filing (ECF) system in three ways:

1. entering information in data fields;
2. mouse-clicking on hyperlinks; or
3. selecting command buttons to direct system activities.

### **Conventions Used in This Manual:**

User data entry is shown enclosed in angle brackets: **<data entry>**.

Hyperlinks are displayed in **underlined bold face type**.

Command buttons appear in **[bracketed bold face type]**.

### **Incorrectly Filed Documents/Documents Filed in Error**

A document incorrectly filed in a case may result from:

1. posting the wrong PDF file to a docket entry;
2. selecting the wrong document type from the menu; or
3. entering the wrong case number and not discovering the error before completing the transaction.

Once a document is filed electronically, corrections to the docket can only be made by the Clerk's Office. The System will not permit the filing party to make changes to the document or docket entry once the transaction has been accepted. Only upon an Order of the Court can a document be removed or withdrawn from the ECF System.

For assistance, telephone the ECF Help Desk, as soon as possible after an error is discovered, at one of the following numbers:

Camden - Toll Free 1-866-726-0726	or	1-856-757-5285
Newark - Toll Free 1-866-208-1405	or	1-973-645-5924
Trenton - Toll Free 1-866-848-6059	or	1-609-989-2004

### **OR**

Contact the court via e-mail at [ecfhelp@njd.uscourts.gov](mailto:ecfhelp@njd.uscourts.gov).

You will need to provide the case and document number for the document in question. You will be advised if you need to re-file the document or petition the court for other appropriate relief.

### **Viewing Transaction Log**

This feature, selected from the Utilities menu allows you to review all transactions ECF has processed under your login and password. If you believe or suspect someone is using your login and password without your permission, contact the Court as soon as possible.

**Note:** The ECF User Manual is best viewed using Version 6 of Adobe Acrobat Reader.

## Entering the ECF System

This section of the User Manual provides instructions for entering the Electronic Case Filing System (ECF). You may enter the system by going to the Court's web page at [www.njd.uscourts.gov](http://www.njd.uscourts.gov) and clicking on the **CM/ECF Quick Link**. Alternatively, Filing Users may enter the ECF System directly by typing in the following URL into the location field of their ECF-compatible web browser:

<http://ecf.njd.uscourts.gov>

This URL connects you directly to the Court's ECF Screen.

## Logging In

The following are the instructions for logging into the ECF system. You should have already received a login and password when you registered for electronic filing. If you have not been contacted by the Clerk's Office with a login and password, you are not yet officially registered in ECF. Please contact the Help Desk for assistance. Figure 2 depicts the login screen.

Figure 2

### CM/ECF Filer or PACER Login

#### Notice

This is a **Restricted Web Site** for Official Court Business only. Unauthorized entry is prohibited and subject to prosecution under Title 18 of the U.S. Code. All activities and access attempts are logged.

#### Instructions for filing:

Enter your CM/ECF filer login and password if you are electronically filing something with the court.

#### If you received this login page as a result of a link from a Notice of Electronic Filing email:

Enter your CM/ECF filer login and password. The system prompts customers for a CM/ECF login and password when attempting to view certain types of documents.

#### If you have trouble viewing a document:

After successful entry of your CM/ECF login, you should be able to view the document. If you receive the message "You do not have permission to view this document," viewing the document is restricted to attorneys of record in the case and the system does not recognize you as such. If the login prompt appears again, after you have entered your CM/ECF login and password, it means that the "free look" link has expired. You will need to enter your PACER login and password to view the document, and you will be charged \$.08 per page.

#### Instructions for viewing filed documents and case information:

If you do not need filing capabilities, enter your PACER login and password. If you do not have a PACER login, you may register online at <http://pacer.psc.uscourts.gov>.

Enter your ECF login name and user password in the appropriate data entry fields. It is important to remember that all ECF login names and passwords are **case sensitive**.

The image shows a web form titled "Authentication" with a yellow background. It contains three input fields: "Login:", "Password:", and "client code:". Below the fields are two buttons: "Login" and "Clear".

**NOTICE:** An access fee of \$.08 per page, as approved by the Judicial Conference of the United States, will be assessed for access to this service. For more information about CM/ECF, [click here](#) or contact the PACER Service Center at (800) 676-6856.

*CM/ECF has been tested and works correctly with Netscape 7.x, Internet Explorer 6.0 and Firefox 1.5.*

**Note:** Use your ECF login and password if you are entering the system to file a document. If you only wish to enter ECF to query the database for case information or to view a document, enter your PACER login and password. If a document number is known, you can access the document without first running and paying for a docket report. Use **View a Document** on the *Query* menu. Assuming the document is available, it may be downloaded at the standard PACER rate. A fee increase from .07 cents per page to .08 cents per page for public access to court electronic records (PACER) was approved by the Judicial Conference of the United States at its September 2004 session, this fee increase became effective 1/1/05. The charge is for viewing, printing, and/or downloading case documents and dockets. The maximum amount you will be charged is \$2.40 or 30 pages viewed, printed, or downloaded.

If login fails, click on the **[Clear]** button to erase the login and password entries and re-enter the correct information. After you enter the correct login and password information, click on the **[Login]** button to transmit your user information to the ECF system.

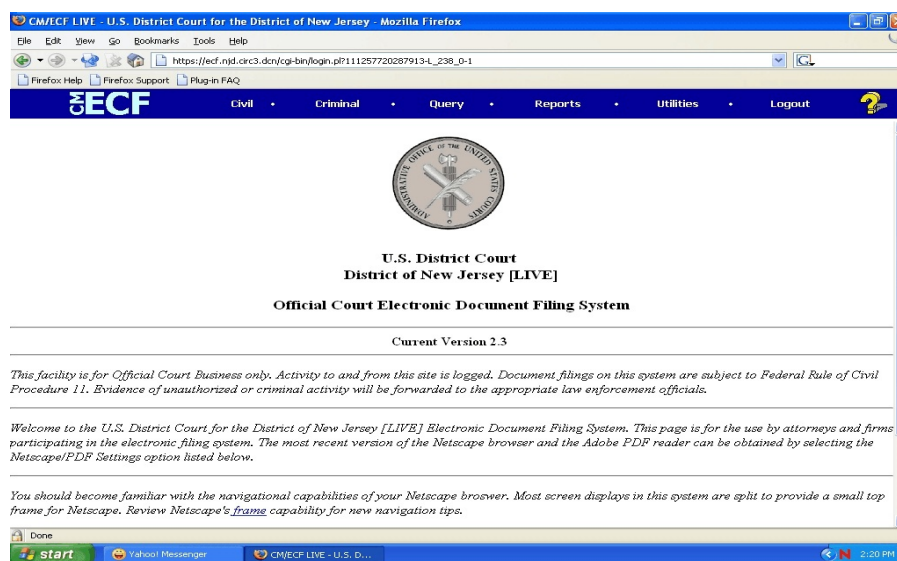

If the ECF system does not recognize your login and password, it will display the following error message on the screen.

**Login failed either your login name or key is incorrect.**

Click on the browser **[Back]** button and re-enter your correct login and password.

After ECF accepts your login and password, the main ECF screen with a *blue* functional selection bar at the top will be displayed. See the figure 3.

The official court document will be the PDF version

electronically filed.

## How to File Documents in Civil, Criminal and Miscellaneous Cases

There are nine basic steps for filing a pleading and/or document in ECF.

- Select the Case Type from the blue menu bar at the top of your screen (Civil or Criminal).
- Select the type of Event to file (e.g. motion, etc.)
- Enter the case for which the pleading or document is being filed.
- Designate the parties for whom the pleading or document is being filed.
- Specify the PDF document to file.
- Add attachments, if any, to the document being filed.
- Modify docket text as necessary.
- Submit the pleading or document to ECF.
- Receive notification of docketing.

## Filing Documents for Civil Cases

After successfully logging into ECF, follow these steps to file a document.

**For purposes of describing the Electronic filing process and the ECF screens, this section of the User Manual describes the process for filing a Motion in ECF.**

### 1. Select the Type of Civil Event That is Being Filed.

Figure 12

Select **Civil** from the blue menu bar at the top of the ECF screen. The Civil Event window opens displaying all of the events from which you may choose for your filing.

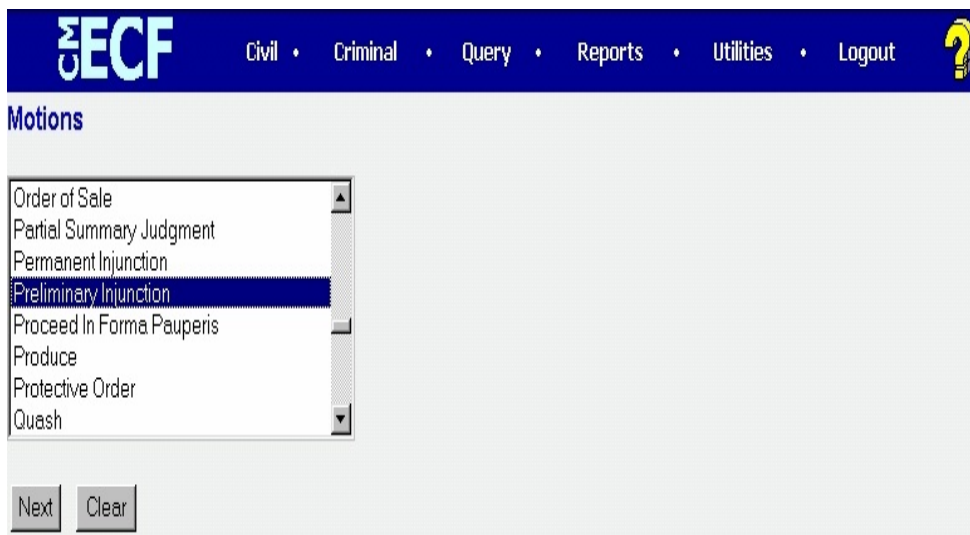

Click on **Motions** under **Motions and Related Filings**.

Figure 13

The **Motions** screen appears and displays a motion selection field with a scroll bar next to it. See Figure 14. Scroll through the menu until you find the type of motion or application you wish to file. For demonstration purposes, highlight the appropriate motion event and click the **[Next]** button.

Figure 14

**Tip:** Type the first letter of the event you wish to select and ECF will scroll to the first pleading beginning with the letter that you typed.

**Note:** To select more than one event, press and hold down the **Ctrl** key, and click on each of the desired forms of relief. When docketing multi-part events, such as a multi-part motion, the order in which the events are selected is the order in which they are listed in the docket text window. The order is displayed in the status bar at the bottom of the browser window when the mouse pointer is hovered over the selection list.

## 2. Locate the Case for Which the Document is Being Filed

A new Motions screen opens with a Case Number field. See Figure 15. Enter the number of the case for which you are filing a motion and click on the **[Next]** button. Examples of acceptable formats for the entry of case numbers are listed to the right of the Case Number field.

If the number is entered incorrectly, click the **[Clear]** button to re-enter. When the case number is correct, click on the **[Next]** button.

Figure 15

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue navigation bar with the ECF logo and links for Civil, Criminal, Query, Reports, and Utilities. Below this is a section titled "Motions". Within this section, there is a "Case Number" label above a text input field. The input field contains the text "02-555". To the right of the input field, a yellow tooltip box displays the following text: "99-12345, 1:99-cv-12345, 1-99-cv-12345, 99cv12345, or 1:99cv12345". Below the input field and tooltip are two buttons: "Next" and "Clear".

**Note:** If the case number you are filing in is 1:02cv555, you can enter the case number in any of the following formats:

**02-555**  
**02cv555**  
**1:02-cv-555**  
**1-02-cv-555**  
**1:02cv555**

ECF defaults to the last case in which you worked. Ensure the proper case number is entered in this field to avoid filing your document to the wrong case. The case number format is Year-Number. The case type is not needed. If ECF finds a civil and criminal case with the same number, it will list both cases. You will need to select the appropriate case number.

If you submit a case number that is formatted incorrectly, ECF will display an error message advising you of the correct format for entering the case number.

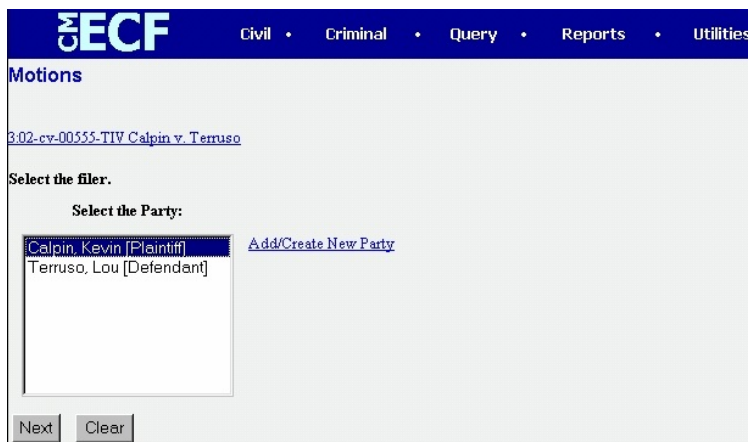

Click **[OK]** to acknowledge and close the error message. Click on the **[Clear]** button on the screen and re-enter the case number in the correct format.

Click on the **[Next]** button.

### 3. Designate the Parties for Whom the Document is Being Filed.

A screen with a list of parties in the case is displayed. See Figure 16 below.

Figure 16

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue header with the ECF logo and navigation links: Civil, Criminal, Query, Reports, and Utilities. Below the header, the page title is "Motions". The case number "3:02-cv-00555-TIV Calpin v. Terruso" is displayed. The instruction "Select the filer." is shown. Below this, there is a section titled "Select the Party:" which contains a list box with two entries: "Calpin, Kevin [Plaintiff]" and "Terruso, Lou [Defendant]". To the right of the list box is a link that says "Add/Create New Party". At the bottom of the screen are two buttons: "Next" and "Clear".

Highlight the name of the party or parties for whom you are filing the motion. If you represent all defendants or all plaintiffs you may select the entire group by holding down the **CTRL KEY** while pointing and clicking on each party in the group.

After highlighting the parties filing the motion, click on the **[Next]** button.

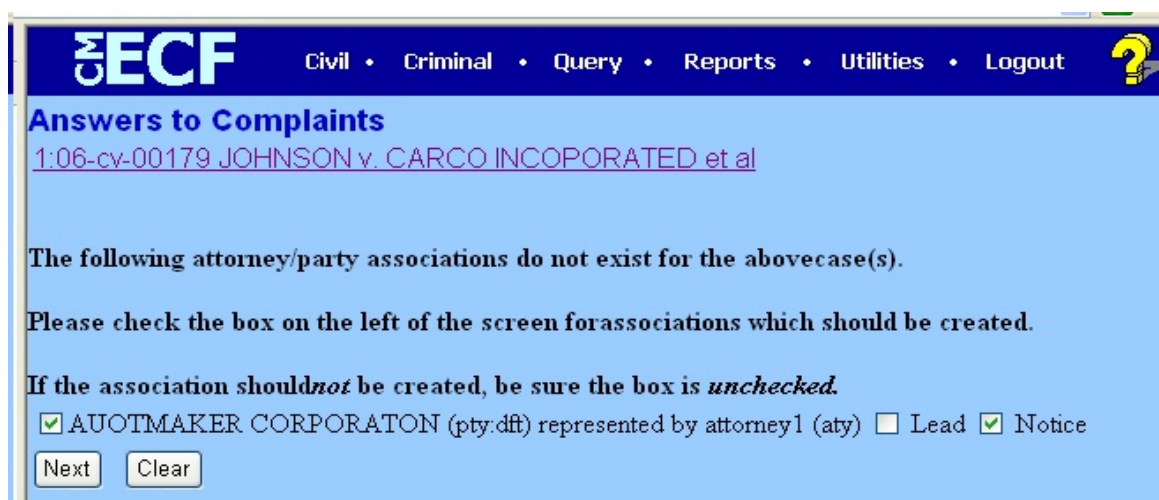

## Create Attorney/ Party Association

The first time you file a document on behalf of a party you will be asked to associate yourself with that party. Place a ✓ in the box located in front of the party's name. See Figure 17. You can place a ✓ in the box before the word LEAD if you wish. A ✓ will be automatically placed in the box before the word NOTICE.

PLEASE LEAVE THE ✓ BEFORE THE WORD **NOTICE** OR YOU WILL NOT RECEIVE NOTICES OF ELECTRONIC FILING WHEN DOCUMENTS ARE FILED IN THE CASE.

Figure 23

If you click **[OK]** on the screen depicted above, ECF will return you to the **Motions** screen. You cannot proceed without attaching a PDF document.

If you do not have attachments to the document you are filing, select **[No]**. Click on **[Next]** and proceed to **Section 6 - Refining the Docket Text**.

## Page Limits

If a file exceeds 5MB it must be split into smaller files, the following are suggested:

1. Word Processing Documents Converted to PDF - Documents created with a word processing program such as WordPerfect or Microsoft Word and correctly converted or published to PDF format will generally be smaller than a scanned document. To create a compact PDF file, use the following setting on your word processing software:
  - A. The output should be in **Grayscale**. Color will make the document larger.
  - B. Use **Basic Font Sets** and **Not Embedded Fonts**
2. Scanned Documents - Documents scanned to PDF are generally much larger than those created using a word processing system. If graphs or color photos are included, one page may exceed the 5MB size limit.
  - A. Your scanner output should be set to **Not to Exceed 200 DPI Resolution**.
  - B. Color scanning should not be included at all. Again, use **Grayscale**.
3. To verify that the size of a document is below the 5MB limit, right-click on the PDF document to open a **Quick Menu**. Select **Properties**. This will open a window that provides file size information. If the file size is less than 5MB, (1024KB equals 1MB) it can be filed electronically. If it is more than 5MB, it will need to be divided into two or more files, with each file being 5MB or less.

If you have attachments to your document, select **[Yes]** after Attachments to Documents. See Figure 24.

Click on **[Next]** and proceed to Section 5, "**How to Add Attachments to Documents Being Filed**".

## 5. Filing Attachments and Exhibits

A Filing User must submit in electronic form all documents referenced as exhibits or attachments, including briefs, in accordance with the guidelines set forth in this User Manual. A Filing User shall submit as exhibits or attachments only those excerpts of the referenced documents that are directly germane to the matter under consideration by the court. Excerpted material must be clearly and prominently identified as such. The court may require parties to file additional excerpts or the complete document.

The Clerk's Office strongly recommends creating documents that are being electronically filed with a word processing software package (e.g., Word or WordPerfect) and converting them into PDF rather than scanning the documents. Scanning the document creates a much larger file.

## How to Add Attachments and Exhibits to Documents Being Filed

If you acknowledged the need to attach documents to the document during the previous step, a new screen appears as depicted in Figure 25.

**Note:** The screen depicted in Figure 28 contains the following warning:  
**Attention!! Pressing the NEXT button on this screen commits this transaction. You will have no further opportunity to modify this transaction if you continue.**

At any time prior to this step, you can abort the ECF filing or return to previous screens by:

1. Clicking on any hyperlink on the **Blue** ECF menu bar to abort the current transaction. ECF will reset to the beginning of the process you just selected.
2. Clicking on the web browser **[Back]** button until you return to the desired screen.

## 8. Notice of Electronic Filing

ECF opens a new window displaying the Notice of Electronic Filing.

The screen will provide confirmation that ECF has registered your transaction and the document is now an official court document. It also displays the date and time of your transaction and the number that was assigned to your document.

The Notice of Electronic Filing screen contains a hyperlink to the filed document. Clicking on the document number on the Notice of Electronic Filing screen will allow you to view the filed document. The Filer is allowed one “free” look at the document to verify it was filed properly.

The Notice of Electronic Filing screen also contains a hyperlink to the docket sheet. Clicking on the docket number on the Notice of Electronic Filing screen will allow you to view the docket sheet.

The court strongly urges that the document be copied to your hard-drive or network for future access. Subsequent retrieval of the case docket sheet and document from ECF must be made through your PACER account and is subject to regular PACER fees.

**Note:** The **Notice of Electronic filing** represents your electronic file stamp. You may want to copy it to a file on your network or your computer’s hard-drive, print it and/or retain a hard copy in your office file.

Select **[Print]** on the browser toolbar to print the document receipt.

Select **[File]** on the browser menu bar, choose **Save As. . .** from the drop-down window to save the receipt to a file on your network or the hard drive of your computer.

The **Notice of Electronic Filing** displays the names and email addresses of the attorneys who have registered as ECF Filing Users and will receive electronic notice of the electronically filed document. Transmission of the Notice of the Notice of Electronic Filing constitutes service of the

filed document on Filing Users. The Notice also displays the names and addresses of individuals who will **not** be electronically notified of the filing. It is the **filer's** responsibility to serve hard copies of the document **and** the **Notice of Electronic Filing** to attorneys and parties who are not registered for electronic notification.

## **E-Mail Notification of Documents That Were Filed**

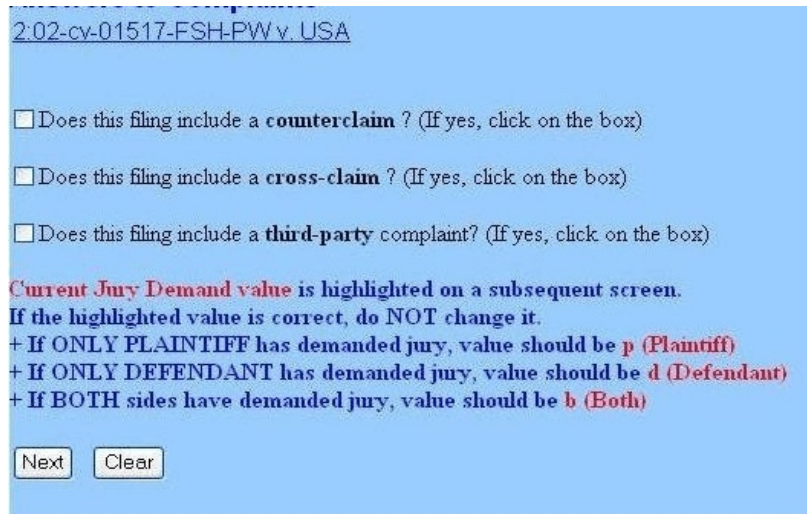

After a document is electronically filed, the ECF System sends a **Notice of Electronic Filing** via email to the designated attorneys who have registered as ECF Filing Users and pro se parties registered to receive electronic notification. Attorneys and parties who receive electronic notification of the filing are permitted “**one free look**” at the document by clicking on the associated hyperlinked document number embedded in the **Notice of Electronic Filing**. The one “free look” will expire 15 days from the date the Notice of Electronic Filing was transmitted. The Court strongly urges that the document be copied to your hard-drive or network for future access. Subsequent retrieval of the case docket sheet and document from ECF must be made through your PACER account and is subject to regular PACER fees.

**Reminder:** It is the **filer's** responsibility to serve hard copies of the document **and** the **Notice of Electronic Filing** to attorney's and parties who are not registered as ECF Filing Users. A certificate of service must be included with all documents filed electronically. The certification of service must indicate how service was accomplished, i.e., electronically, and/or other means as provided in Fed.R.Civ.P. 5(b).

## Add/Create a New Party

In some instances you will be required to add a party to the ECF System. For example, when filing an answer if you checked that you are filing a counterclaim, cross-claim, or third-party complaint, you will be prompted to select the party against whom you are filing.

Figure 29

If you are filing against a party already in the case, select the party from the list and click the **[Next]** button. If the party is not on the list, click on **Add/Create New Party**. The screen depicted in Figure 30 will appear.

Figure 30

You must first perform a search to see if the party you wish to add is already entered in the ECF system. Type the first few letters of the party's last name for an individual, or the first few letters of the company name. Click **[Search]**. All party names and party text should be entered in **ALL UPPER CASE LETTERS**.

**Note:** As with any database, before entering information into ECF, it is important to do a thorough search to be sure the information has not been entered previously. When searching for a party name, you may need to scroll down through the entire list to determine if the party name is already in the database. REMEMBER, ALL PARTY NAMES AND PARTY TEXT SHOULD BE ENTERED IN ALL UPPER CASE LETTERS.

If the name you typed matches any entered in the ECF system, the next screen will display a list of party names that match.

If the name of the party you wish to add appears on the list, click on it to highlight it, and then click on **[Select name from list]**. Review the party information and select the party's role in this filing. Click **[Submit]**.

If a match is not found, or the party you wish to add does not appear in the list, click **[Create new party]**. This will bring up the party information screen. See Figure 31.

## Linking Documents

Some documents should be “linked” to their related documents in the case. For example, the answer would be linked to the complaint. When filing certain types of documents, you will be asked if you wish to refer the document to an existing event. An “event” in ECF is anything that has been filed in a case. To link the document you are currently filing to a previously filed document, check the box in front of “**Refer to existing event(s)?**” and click the [Next] button. You have the option of entering filed dates or document numbers if you would like to further narrow your search.

## Instructions for Filing Documents Under Seal in Civil Cases

The Court will no longer accept documents in civil cases as a paper filing under seal. If an existing order provides for a document to be filed under seal, the Filing User must file the document electronically and seal it on the system rather than file it in paper format.

When prompted by the system with the screen depicted below in Figure 34, you must insert a ✓ in the box to ensure that the document submitted with the entry will be sealed. Note that any properly sealed document will, absent further order, be available to all other counsel of record in the particular civil action.

Figure 34

If an order of the Court authorizing the filing of documents under seal has **NOT** been previously entered, counsel shall file a formal motion pursuant to Local Civil Rule 7.1 and submit it in compliance with Local Civil Rule 5.3. The motion shall be filed electronically and shall be returnable on the next available return date. The motion to seal or restrict public access shall be available to the public for review.

**Note:** Any materials subject to sealing or restrictive access should **NOT** be submitted as attachments to the motion. Doing so may result in the document becoming publicly available. If a Judge or Magistrate Judge seeks to review the document which is the subject of the motion to seal, the document shall be submitted directly to Chambers in an envelope clearly marked with the case caption and the notation “CONFIDENTIAL.”

Sexually explicit materials. Sexually explicit material(s) and any other material(s) that contain(s) inappropriate content for remote public access on the ECF System must be temporarily filed under seal until the Court determines under Federal Rule of Civil Procedure 5.2(d), Federal Rule of Criminal Procedure 49.1(d) and Local Civil Rule 5.3(c)(6) whether the material(s) should remain under seal.

Parties filing materials under seal in civil cases are warned that failure to comply with L.Civ.R. 5.3 may result in a waiver of any otherwise valid basis for sealing and may result in the document at issue becoming publicly available.

## Criminal Events Feature

### Filing Documents for Criminal Cases

After successfully logging into ECF, follow these steps to file a document.

**For purposes of describing the Electronic Filing process and the ECF screens, this section of the User Manual describes the process for filing a Motion in a criminal case in ECF.**

#### 1. Select the Type of Criminal Event That is Being Filed.

Select **Criminal** from the blue menu bar at the top of the ECF screen.

Figure 40

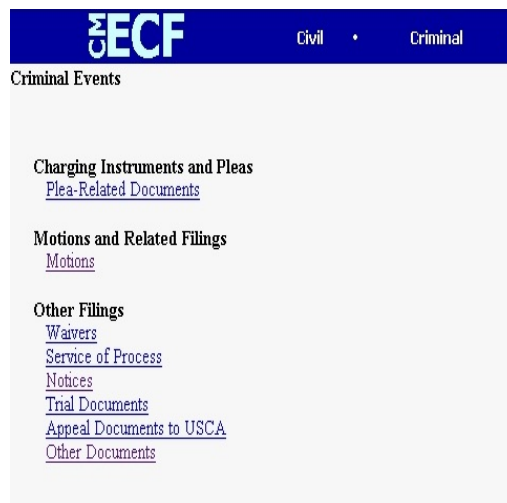

The Criminal Event window opens displaying all of the events from which you may choose for your filing. See Figure 41.

This section of the User's Manual describes the process for filing a **Motion** in a criminal case in ECF. The process is similar for filing other documents in ECF.

Click on **Motions**, under **Motions and Related Filings**.

Figure 41

The **Motions** screen appears and displays a motion selection field with a scroll bar next to it. See Figure 42. Scroll through the menu until you find the type of motion or application you wish to file.

Highlight the appropriate motion event and click the **[Next]** button.

**Tip:** Type the first letter of the title of your document. ECF will scroll within the drop down box to the first document that begins with the letter you typed.

**Note:** To select more than one event, press and hold down the **Ctl** key, and click on each of the desired multiple forms of relief.

Figure 42

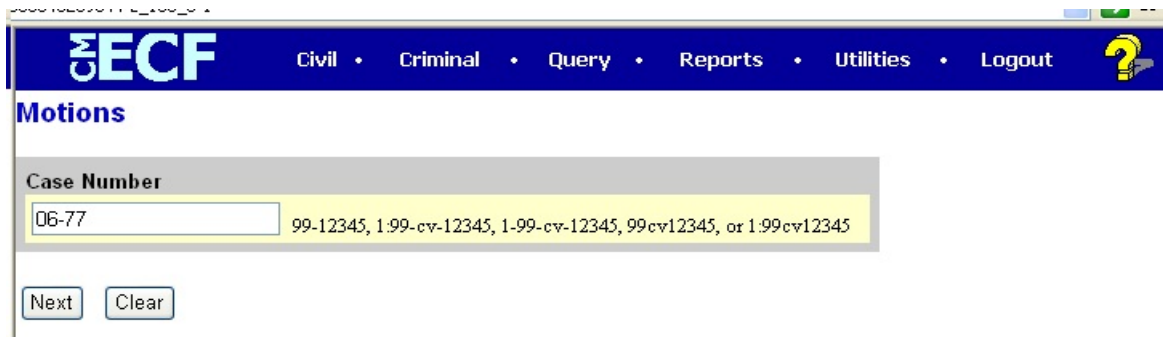

## 2. Locate the Case for Which the Document is Being Filed

A new Motions screen opens with a Case Number field. See Figure 43. Enter the number of the case for which you are filing a motion and click on the **[Next]** button. Examples of acceptable formats for the entry of case numbers are listed to the right of the Case Number field.

If the number is entered incorrectly, click the **[Clear]** button to re-enter. When the case number is correct, click on the **[Next]** button.

Figure 43

The screenshot shows the ECF Motions screen. At the top is a blue navigation bar with the ECF logo and links for Civil, Criminal, Query, Reports, Utilities, and Logout. Below this is a yellow banner with the word "Motions". The main content area has a "Case Number" label above a text input field containing "06-77". To the right of the input field, a list of acceptable case number formats is displayed: "99-12345, 1:99-cv-12345, 1-99-cv-12345, 99cv12345, or 1:99cv12345". Below the input field are two buttons: "Next" and "Clear".

**Note:** If the case number you are filing in is 1:02cr100, you could enter the case number in any of the following formats:

**02-100**  
**02cr100**  
**1:02-cr-100**  
**1-02-cr-100**  
**1:02cr100**

**Note:** ECF defaults to the last case in which you worked. Ensure the proper case number is entered in this field to avoid filing your document to the wrong case. The case number format is Year-Number. The case type is not needed. If ECF finds a civil and criminal and/or magistrate case with the same number it will list all cases. You will need to place a ✓ in the box next to the appropriate case number. See Figure 44.

## 5. Specify the PDF Document to File

ECF accepts the party or parties you selected and displays a new screen. See Figure 47. ECF displays a field for locating and entering the PDF file of the document you are filing.

**Note:** It is imperative that you attach an electronic copy of the actual document when prompted by the system. You can not proceed without attaching a PDF document. All documents that you intend to file in ECF **MUST** be in **PDF** format. Otherwise, ECF will not accept the document for filing.

Figure 50

The screenshot shows the ECF (Electronic Case Filing) interface. At the top is a blue header with the ECF logo and navigation links for Civil, Criminal, and Query. Below the header, the page is titled "Motions" and displays the case name "8:02-cr-00100 USA v. Cassidy et al". A prompt asks the user to "Select the pdf document (for example: C:\199cv501-21.pdf)". There is a text field labeled "Filename" containing the path "C:\My Documents\PDF files\cassidy-m" and a "Browse..." button. Below this, a radio button selection for "Attachments to Document:" is shown, with "No" selected. At the bottom of the form are "Next" and "Clear" buttons.

In the event you selected a highlighted file that is not in PDF format, ECF will display the error message shown in Figure 51, after you click on the **[Next]** button. ECF will not permit you to file a document that is not in PDF format.

Click on the **[Back]** button and ECF will return to the previous screen. Select and highlight the PDF file and proceed as before.

Figure 51

The screenshot shows the ECF interface with the same case name "1-01-04011-PLF DEMITRIA RICE et al v. ARLENE ACKERMAN et al". An error message is displayed in the center: "ERROR: Document is not a well-formed PDF document (no further information is available)". A red oval highlights this error message. Another red oval highlights the "Back" button located at the bottom left of the screen.

## Page Limits

If a file exceeds 5MB it must be split into smaller files, the following are suggested:

1. Word Processing Documents Converted to PDF - Documents created with a word processing program such as WordPerfect or Microsoft Word and correctly converted or published to PDF format will generally be smaller than a scanned document. To create a compact PDF file, use the following setting on your word processing software:
  - A. The output should be in **Grayscale**. Color will make the document larger.
  - B. Use **Basic Font Sets** and **Not Embedded Fonts**.
2. Scanned Documents - Documents scanned to PDF are generally much larger than those created using a word processing system. If graphs or color photos are included, one page may exceed the 5MB size limit.
  - A. Your scanner output should be set to **Not to Exceed 200 DPI Resolution**.
  - B. Color scanning should not be included at all. Again, use Grayscale.
3. To verify that the size of a document is below the 5MB limit, right-click on the PDF document to open a **Quick Menu**. Select **Properties**. This will open a window that provides file size information. If the file size is less than 5MB, (1024KB equals 1MB) it can be filed electronically. If it is more than 5MB, it will need to be divided into two or more files, with each file being 5MB or less.

## Failure to Select a Document to File

If you fail to select a document to file, ECF will display the error message depicted in Figure 52.

Figure 52

If you click **[OK]** on the screen depicted in Figure 52, ECF will return you to the **Motions** screen.

If you do not have attachments to your document, select **[No]**. Click on **[Next]** and proceed to **Section 7 - Refining the Docket Text**.

If you have attachments to your document, select **[Yes]** after **Attachments to Documents**.

## **6. Filing Attachments and Exhibits**

A Filing User must submit in electronic form all documents referenced as exhibits or attachments, including briefs, in accordance with the guidelines set forth in this User Manual, unless otherwise ordered by the court. A Filing User shall submit as exhibits or attachments only those excerpts of the referenced documents that are directly germane to the matter under consideration by the court. Excerpted material must be clearly and prominently identified as such. The court may require parties to file additional excerpts or the complete document.

The Clerk's Office strongly recommends creating documents that are being electronically filed with the Court with a word processing software package (e.g., Word or WordPerfect) and converting them into PDF rather than scanning the documents. Scanning the document creates a much larger file.

### **How to Add Attachments and Exhibits to Documents Being Filed**

If you acknowledge the need to attach documents to your motion during the previous step, a new screen appears as depicted in Figure 53.

Figure 53

The screenshot shows a web browser window with the ECF (Electronic Case Filing) interface. The title bar indicates the URL is 'http://ecf.courtney.us:8080/ECF\_2003\_2'. The page has a blue header with the ECF logo and navigation links: Civil, Criminal, Query, Reports, Utilities, and Logout. A yellow question mark icon is in the top right. The main content area is titled 'Motions' and shows the case '2:03-cr-02002 USA v. WEB'. Below this, instructions for adding attachments are displayed. Step 1 asks the user to enter the filename of a PDF document, with a 'Browse...' button. Step 2 asks the user to describe the document using a 'Category' dropdown and a 'Description' text box. Step 3 asks the user to add the filename to a list box, with 'Add to List' and 'Remove from List' buttons. A 'Next' button is at the bottom.

At any time prior to this step, you can abort the ECF filing or return to previous screens by:

1. Clicking on any hyperlink on the **Blue** ECF menu bar *to abort* the current transaction. ECF will reset to the beginning of the process you just selected.
2. Clicking on the web browser **[Back]** button until *you return to the desired screen*.

## 9. Notice of Electronic Filing

ECF opens a new window displaying a Notice of Electronic Filing. See Figure 57.

Figure 57

The screen will provide confirmation that ECF has registered your transaction and the document is now an official court document. It also displays the date and time of your transaction and the number that was assigned to your document.

The Notice of Electronic Filing screen contains a hyperlink to the filed document. Clicking on the document number on the Notice of Electronic Filing screen will allow you to view the filed document. The Filer is allowed one “free” look at the document to verify it was filed properly.

The Notice of Electronic Filing screen also contains a hyperlink to the docket sheet. Clicking on the docket number on the Notice of Electronic Filing screen will allow you to view the docket sheet.

The court strongly urges that the document be copied to your hard-drive or network for future access. Subsequent retrieval of the case docket sheet and document from ECF must be made through your PACER account and is subject to regular PACER fees.

**Note:** The Notice of Electronic Filing represents your electronic file stamp. You may want to copy it to a file on your network or your computer's hard-drive, print it and/or retain a hard copy in your personal file.

Select **[Print]** on the tool bar to print the document receipt.

Select **[File]** on the browser menu bar, choose **Save As. . .** from the drop down window to save the receipt to a file on your network or the hard drive of your computer.

The **Notice of Electronic Filing** displays the names and email addresses of the attorneys who have registered as ECF Filing Users and pro se parties registered to receive electronic notification. The Notice also displays the names and addresses of individuals who will **not** be electronically notified of the filing. It is the **filer's** responsibility to serve hard copies of the document **and** the **Notice of Electronic Filing** to attorneys and parties who are not registered for electronic notification.

## **E-Mail Notification of Documents That Were Filed**

After a document is electronically filed, the ECF System sends a **Notice of Electronic Filing** via mail to the designated attorneys who have registered as ECF Filing Users and pro se parties registered to receive electronic notification. Attorneys and parties who receive electronic notification of the filing are permitted "one free look" at the document by clicking on the associated hyperlinked document number embedded in the **Notice of Electronic Filing**. The one "free look" will expire 15 days from the date the Notice of Electronic Filing was transmitted. The court strongly urges that the document be copied to your hard-drive or network for future access. Subsequent retrieval of the case docket sheet and document from ECF must be made through your PACER account and is subject to regular PACER fees. When opening a document from a Notice of Electronic Filing, it is best to have logged into CM/ECF first.

**Reminder:** It is the **filer's** responsibility to serve hard copies of the document **and** the **Notice of Electronic Filing** to attorneys and parties who are not registered as ECF Filing Users.

The procedures to obtain a refund of fees paid via Pay.gov are as follows:

1. A refund of fees paid via **Pay.gov** shall be made in writing by application and filed electronically with the Clerk of the Court.
2. The application must contain the following information:

- a. Date of request
  - b. Full and correct name
  - c. Current and complete address

5. The Finance Department will issue a refund against the credit card or ACH transaction through **Pay.gov**. Refunds will **not** be issued through checks.

## Public Access

A person may retrieve information from the Electronic Filing System at the court's Internet site, <http://ecf.njd.uscourts.gov>, by obtaining a PACER login and password. With the exception of social security cases, a person who has PACER access may retrieve docket sheets and documents in civil cases and criminal cases<sup>2</sup>. Retrieval of documents in social security cases is limited and may only be accessed by counsel of record. A case or document under seal shall not be available to the public through electronic or any other means.

## Sensitive Information

As the public may access case information through the Court's ECF System, sensitive information should not be included in any document filed unless the Court orders otherwise. As required under Federal Rule of Civil Procedure 5.2(a) and Federal Rule of Criminal Procedure 49.1(a), when making any electronic or Paper Filing with the Court that contains an individual's social-security number, taxpayer-identification number, or birth date, the name of an individual known to be a minor, or a financial-account number, a party or nonparty making the filing may include only:

- a. the last four digits of the Social-Security number and tax-identification

---

<sup>2</sup>

The Judicial Conference of the United States, has agreed to permit remote public access to electronic criminal case file documents filed after November 1, 2004.

number;

- b. the last four digits of the financial account numbers;
- c. the minor's initials;
- d. the year of the individual's birth; and
- e. in criminal cases for home addresses, use only the city and state.

In compliance with the E-Government Act of 2002, a party wishing to file a document containing the personal data identifiers specified above may either:

- (1) File an un-redacted version of the document under seal, or;
- (2) File a redacted version of the document and file a reference list under seal.

The reference list shall contain the complete personal identifiers(s) and the redacted identifier(s) used in its (their) place in the filing. All references in the case to the redacted identifiers included in the reference list will be construed to refer to the corresponding complete personal data identifier. The reference list may be amended as of right.

The Court may still require the party to file a redacted copy for the public file.

In addition, caution must be exercised when filing documents that contain the following:

- (1) Personal identifying numbers, such as a driver's license number;
- (2) Medical records, treatment, and diagnoses;
- (3) Employment history;
- (4) Individual financial information; and
- (5) Proprietary or trade secret information.

Additional items for criminal cases only:

- (1) Information regarding an individual's cooperation with the government;

- (2) Information regarding the victim of any criminal activity;
- (3) National Security information; and
- (4) Sensitive security information as described in 49 U.S.C. § 114(s).

Counsel are strongly urged to share this information with all clients so that an informed decision about the inclusion of certain material can be made. If a redacted document is filed, it is the sole responsibility of counsel and the parties to be sure that pleadings and other papers comply with the rules and orders of this Court requiring redaction of personal identifiers. The Clerk will not review each filing for redaction.

Counsel and the parties are cautioned that failure to redact personal identifiers and/or the inclusion of irrelevant personal information in a document filed with the Court may subject them to the full disciplinary and remedial power of the Court, including sanctions pursuant to Federal Rule of Civil Procedure 11.
